

I as a single parent of a 9 & 4 year olds who also are ADHD (VERY HYPER) & have a multiple health problems & am unable to work due to these health problems at the age of 42 have KLOVE on 24-7. I sleep with it on, I clean with it on, I sing with it on with my kids going down the road I need it on just for sainty sake, and peace of mind.

I also contribute to KLOVE one the basis of \$20.00 monthly, its not much, but when you consider I get \$922.00 & I tithe off the top First GOD meets my needs the rest of the month. I believe in KLOVE because they meet my needs of my household needs. If I need prayer I can call 24-7 & without commercial breaks & have always gotten through & someone has listened to me cried & spilled my problems & offered suggestions & then prayed for me & my kids & also told me that 4 times a day that Pastors get together & will pray for my needs as well.
